

Dear coordinator,

D of E proposals for your pupils from the Wychwood Project.

- 1) Volunteering – we can offer pupils the chance to volunteer with the project every week for an hour in a variety of ways.
 - Time in the office assisting the learning officer with creating learning activities.
 - Time on site with the conservation officer assisting with practical tasks.
 - Time on site carrying out a prearranged series of tasks under the supervision of one of the WP officers.

- 2) Skills – the pupils could decide on an activity to pursue on one of our sites and carry out a project under Natural World or Media or whichever section fits their activity.

We trailed running the project last year and it was very successful. Based on last year's experience we have been able to broaden our offer to better meet the needs and interests of the pupils.

Pupils can contact us directly via the address below or if they would like me to come and have a further chat with them I am available for school visits.

Please pass on this information to any interested pupils and we can arrange a time to meet and discuss their placement.

Yours sincerely

Toby Swift
