Speciation:	Biodiversity
Isolation and speciation:	
Geographical isolation:	Species richness:
Ecological isolation:	
	Endemism:
Seasonal isolation:	
Behavioural isolation:	Species abundance:
Allonatria appointion:	
Allopatric speciation:	Measuring biodiversity:
	ivieasuring blodiversity.
	Biodiversity within a species
Sympatric speciation:	Gene and allele frequency
Adaptive radiation:	How is genetic diversity of a species measured?
